

Juha Manninen 1945-2023

With deep sadness we realized that our colleague and friend Juha Manninen has died on December 13, 2023 in Helsinki. Juha was an excellent Vienna Circle scholar and expert of Finnish philosophy. He published a lot of seminal books and papers in these fields and contributed essentially to our book series:

His last publication with documents on „Wittgenstein’s virtuelle Präsenz im Wiener Kreis, 1931-1935“ appeared in our volume *Wittgenstein and the Vienna Circle* (2023):

I myself spent one term as fellow at the Helsinki Collegium for Advanced Studies at the University of Helsinki in 2006-8, where we organized the conference „Networks and Transformations of Logical Empiricism: The Vienna Circle in the Nordic Countries“ together in September 2007. The results of this international conference are published in the proceedings *The Vienna Circle in the Nordic Countries. Networks and Transformations of Logical Empiricism*, ed. by Juha and me in 2010:

We will miss him strongly, I myself have lost a good old friend!

Our condolences go to his wife and daughter.
